

src/ui/addbackuptargetdialog.h

```
graph TD; A[src/ui/addbackuptargetdialog.h] --> B[QDialog]; A --> C[QFileDialog];
```

The diagram illustrates a header file, `src/ui/addbackuptargetdialog.h`, at the top level. Two blue arrows point downwards from this header to two separate boxes below it: `QDialog` on the left and `QFileDialog` on the right. This indicates that the header file defines or inherits from both `QDialog` and `QFileDialog`.

QDialog
